Drain-Net Technologies
PO Box 203
Stanton, NJ 08885

Product Name

Endura 4" HUB
Solids Interceptor

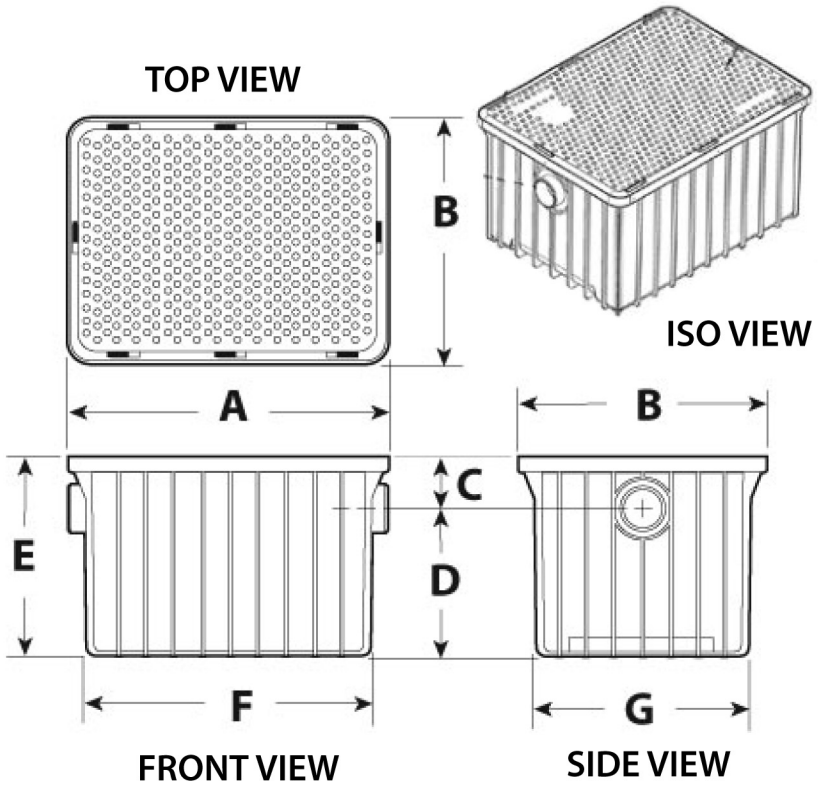

Product Details

Material: Polypropylene

Total Mass: 55.823 lb
(25.32 kg)

Liquid Capacity:
52.0 gal (197 L)

Connection type:
4"- Mechanical Joint

Part Number	Product Code	Product Type
4011A04	766163	4" HUB
3935AX6	763494	6" RISER EXTENTION

2", 3", 4" ENDURA® SOLIDS INTERCEPTORS

MATERIAL
- The body, lid and internal components shall be made of corrosion resistant, high impact PP compound that can withstand operational temperatures up to 220 degree F

CONNECTIONS
- Shall be no-hub mechanical joint PP end connectors

DESIGN FEATURES
- Lid shall utilize a quick access latching system and be rated to support 300lbs
- Internal features shall be removable or allow access for easy cleaning
- Risers shall allow for below grade installations of 3"- 4" interceptors to be extended to grade, up to a maximum of 18"
- A flow control device with integrated air intake shall be provided with the interceptor for external flow control type installations

CAPACITY
- All interceptors shall be marked with manufacturer's capacity rating

MARKINGS
- All interceptors shall be marked with the manufacturers name or trademark, model number, rated flow(s), "inlet" and "outlet", nominal inlet size
