Garbage Disposal Drain Strainer
FPS-610A (Short) with Drain Plate

Installation Instructions:

1. Attach the three flanged 6" legs to the bottom of the Housing
2. Place the unit under the sink
3. Lineup the inlet of the Drain Plate with the water outlet of the existing plumbing system. The height including the Drain Plate is approximately 16 ¼“
4. Level the unit between left and right sides by adjusting the two rear legs. Then level the unit between the front and back by adjusting the front leg.
5. Connect the inlet to the water outlet of the existing plumbing system.
6. There is one 2“ outlet on each side. Connect the more convenient outlet to the floor drain with plumbing pipes.
7. Seal off the unused outlet with the rubber cap provided
8. Bolt down the flanges to the ground for sturdiness.
